## 50th Anniversary Collection

## TROOP ROSTERS 1958 TO 2008

# PREAMBLE TO TROOP 68 ROSTERS 1958 to 2008

The Troop rosters in this document contain the names of Scouts and Scouters (adults) that were on the Troop registration records on file with Tecumseh Council. The early BSA registration records for the years 1958 to 1975 began in April of each year. Registration records for years 1975 to the present time begin at the beginning of the calendar year. Thus the rosters in this document are compilations of names and rank advancements noted on the two registration records: the early or first Troop registration submission and the subsequent registration submitted for the next year.

Between the two registration records, all additions (and subtractions) plus Scouter position changes and Scout rank advancements are documented for each year's roster. Please note, the rank advancement changes were often notations added to Scout names as each year's roster was updated for the next year and sometimes were found to be conflicting from time to time.

Names, positions and Scout ranks listed on the initial or previous year roster are presented in plain black font. All additions, position and rank changes to the roster are then noted in red font. Subsequent changes are then followed by green font and again by black font. Thus a new Scout added to the roster will have his name listed in red font and any changes in rank for that year are presented in green font followed by black font (for two rank advances that year). For example: "Jon Doe, Scout, Tenderfoot, Second Class" joined T68 that year and advanced two ranks as noted on the next year's registration record.

A scout listed on a previous year's roster will be listed in black font and subsequent rank advances for that year are listed in red, then green and black font in that order. For example: "Jon Doe, First Class, Star, Life" was listed on last's year's roster (as a First Class Scout) and advanced two ranks during the roster year.

Troop 68 Eagle Scouts are given special notation to denote the year they earned their Eagle Scout Rank. The name and rank of Eagle Scout is noted in bold red or green font. Any subsequent years for that particular Scout on the Troop roster as a youth Eagle Scout are then noted in bold black font. For example: "**Jon Doe**, Life, **Eagle"** earned his Eagle Scout rank that year. "**Jon Doe, Eagle"** earned his Eagle Rank as noted on a previous year's roster.

Eagle Scouts that transferred from other Troops into T68 are noted in italics to distinguish them from those Scouts who earned their Eagle Rank in T68. For example: *Jimmy Deane, Eagle* transferred to T68 as an Eagle Scout and any subsequent years he will be listed in black italics.

Also presented on the Rosters is the Troop field itinerary. The dates of campouts and other key trips/events are noted where the information is available. Later rosters also denote the Quality Unit badges the Troop earned for that year.

* Charlie Brothers assumed the role of Scoutmaster during July 2001. Two weeks later, Charlie was tragically killed in an airplane training exercise in Greene County, Ohio. Chuck Smith resumed the Scoutmaster position until December 2001. His wife, Heidi Brothers, joined the Troop shortly thereafter to fill the void left by Charlie's' death.
